## **\$1,750 Scholarship**

“The DLW Foundation has been a tremendous help to me. The kind people at the organization provided all the funds I needed in such a short period of time. The people are also very cordial and honest! I was in a very bad spot and they became the helping hand I needed to finish college, graduate, and move on to the next phase in my life. This Foundation is essential to furthering the advancement of higher education for everybody who genuinely pursues it.” Thank you all for your efforts and please keep up the extraordinary work you have been doing!

“Receiving the DLW Foundation Scholarship has helped me greatly by providing me financial aid toward my tuition. At the beginning of the semester, I usually do not have all of the funds I need to cover the cost of school. With the DLW Foundation Scholarship I was able to finish paying off all fees without taking out any loans, also without stressing about where the money would come from. This scholarship plays an important role in my journey of graduating and getting my degree from GSU. I would like to thank the DLW Scholarship and Charitable Foundation for assisting and providing me with the funds I needed for college.”
